THE WORLD BODYPAINTING ASSOCIATION - WBA

The World Bodypainting Association was founded in Austria in October 2001. The association began as a result of the yearly World Bodypainting Festival which started in Austria. The **WBA focuses on networking artists and bodypainting interested people** and companies all around the world with many different events, and education programs. Even though the goal of the WBA to promote bodypainting as an art form was reached years ago, **we connect creative minds to keep pushing limits.**
